

I've been thinking about the water, I've been thinking about the sea

I've been thinking if I were a fish, what kind would I be?

Keep your goldy-fish and your shark

The only fishy to take my heart is the Humu-humu-nuku-nuku-apua-a

Oh humu-humu in the tropical sea

Oh humu-humu you are little like me

Oh humu-humu let's swim in the sun

Then let's say your name again because it's just so fun!

Humu-humu-nuku-nuku-apua-a

Humu-humu-nuku-nuku-apua-a

Humu-humu-nuku-nuku-apua-a

Glub Glub Glub Glub – Swim Swim – Under your chin!

Fresh fish, marine fish, marine invertebrates, I could make a list of
fish that lasts for days and days

With a flatty fin or a spike, The only fishy I really like is the

Humu-humu-nuku-nuku-apua-a

Angel fishy, clown fishy, sea horse too, Puffer fishy, jelly fishy can't
really do

But what gets me in a tizzy with a name to make me dizzy is the
Humu-humu-nuku-nuku-apua-a

Oh humu-humu in the tropical sea

Oh humu-humu you are little like me

Oh humu-humu let's swim in the sun

Then let's say your name again because it's just so fun!

Humu-humu-nuku-nuku-apua-a

In an aquarium or a dish, You are my favorite fish

From the beach or from a boat, You're the fish that gets my vote

In the world there will never be, A happier fish for me

Than the Humu-humu-nuku-nuku-apua-a
