The Kalkaska Rhinos mission is to develop talented young student athletes, both as individuals and as hockey players, and to help them move to higher levels of hockey. Whether their interest is in higher levels of Junior Hockey or NCAA hockey, the Rhinos will help prepare each player to move forward on their individual path.

We strive carefully to design our program so that we can help our players meet their overall hockey objectives. Our approach is one that is not simply designed around practices and games. We take the approach of making each person a better athlete, and person, through intense training and education.

Our coaching staff's emphasis on discipline, dedication, and maturity help to positively influence our player's character development throughout the season. Our staff of highly experienced coaches is supported by a strong management organization to ensure that attention is paid to all details of each player's growth.

Once experiencing our program, we know you will agree that THIS IS THE NEXT STEP. Consider what you see here versus your current team environment and judge for yourself. Come join the environment of Kalkaska Rhinos

The Kalkaska Public School District is located in northern-lower Michigan and covers roughly 445 square miles. Our Schools serve approximately 1600 students from many towns which include Kalkaska as well as towns such as Mancelona, Rapid City, Alden, Grayling, Fife Lake, and Williamsburg.

The Kalkaska Public School District is comprised of six school buildings: Rapid City Elementary PreK-5, Birch Street Elementary PreK-3, Cherry Street Intermediate 4-5, Middle School 6-8, High School 9-12, and Northside Alternative Education 9-12.

The Kalkaska Public School District, in cooperative partnership with students, staff family and community, believes all students can learn. We provide a caring environment that promotes academic achievement and social responsibility. This partnership will help all students develop their maximum potential and adapt and contribute to a changing world.

Our schools are committed to excellence in educating our students. Curriculum at all levels stresses the basics while also offering diverse enrichment programs and advanced placement courses. We also offer a comprehensive selection of interscholastic sports, instrumental music, all day preschool, and before and after school care programs.

The Kalkaska Public School District is comprised of a diverse population with many students from lower socio-economic homes. The golf outing's goal is to assist families, of pre K-6 children, who may struggle to provide some school supplies, such as backpacks, notebooks, pencils, etc. to students in need.
