

Blazer Bulletin

November 2019

Volume 4, Issue 2

MISSION - Developing productive and civic minded lifelong learners.

VISION - Kalkaska Public Schools will be a model of excellence in education and a source of community pride.

From the Superintendent

I want to pay tribute this month to all the players, band members, advisers and coaches who have been out on our playing fields the past few months. Despite what the records may indicate, all of our teams have had successful seasons. They have been successful because our athletes, musicians and supporting students have grown as students and as people.

Participation in sports and extra-curricular activities provides for more benefits than the physical activity or the wins and losses. Our Blazers gain social skills, learn goal setting and the power of practice. They learn to manage their time as they juggle the academic demands and team commitments required to be successful.

I have always been amazed to watch our fans because no matter which team or activity they have come to support, they all seem to find themselves singing along and shaking their heads and pumping their fists in unison at each exciting play our student-athletes make on the game field.

Our winter sports season will begin soon, which means holiday concerts are just around the corner. While Thanksgiving is a few weeks away, the Blazer family has much to be thankful for and even more to be excited about for the future of our District. Many great things are happening at KPS!!

Thank you for a great fall season,

Mr. Lee Sandy
Superintendent, Kalkaska Public Schools
