Serves free breakfast and
lunch at all of our Schools.

Did you know?

You should rub your hands
together for 20 seconds
while washing them.

You could get sick or cause someone
else to get sick if you do not wash your
hands properly before preparing food.
You should turn off the water faucet with
a towel because otherwise the germs
that are on the faucet will get back on
your hands.

When should you wash your hands?

Before cooking, eating or handling food
After using the bathroom
After sneezing or wiping your nose
